

Form C: Individual Materials Order Form

DIRECTIONS:

1. Apply a 10% discount if purchasing 12-23 of any one item. Apply a 20% discount if purchasing 24 or more of any one item. Discounts only apply to any one item; different items from separate rows cannot be combined.
2. Multiply the amount of each item in column A with the price in either column B, C, or D (only one column will apply) to find the total price for each type of item. Write this price in column E.
3. Add the totals in column E to find a page total. Add all of the page totals for a final total on page 3.
